RECEIVED

MAR 31 1993

GROUP 3206

Dear Sir:

In response to the content of the outstanding Office Action dated January 12, 1993, and a personal interview conducted with Patent Examiner Timothy Eley on March 17, 1993, please amend the above-identified pending patent application as follows:

IN THE SPECIFICATION:

On page 6, line 9, after "drilling" please insert blind.

On page 12, line 12, please change "less" to more.

IN THE CLAIMS

Please amend claim 1 as follows:

Claim 1. (Amended) A method of placing braille letters on an architectural sign face comprising:

drilling blind holes of a given depth in a sign corresponding to the pattern of braille letters desired to be formed in said sign; and

fastening a separate member of a given height into each of said blind holes so that each separate member extends said given depth into each respective one of said blind holes and each separate member extends at least partially outwardly from said blind hole approximately the same distance as each of the other members extends at least partially outwardly from other

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231, on 3/23/93
